

Discontinued Products & Maintenance

This is information on Discontinued Products & Maintenance for marine market, discontinuation date and alternative products are shown in the following lists. Alternative products may be differences on the dimension, specification etc., since please ask our sales or service department.

Maintenance Support

According to the Guideline for Navigation and Radio Communication Equipment Maintenance issued by the Navigation Equipment Grope of the Japan Marine Equipment Association, maintenance support shall, in principal, be assured for a period of ten years after discontinuation of products. We will make an effort to extend the maintenance period after the end of support date. However, there may be unavoidable circumstances where maintenance support cannot be provided because of the unavailability of the required parts or other factor.
